Last Updated April 1, 2026

The Community Reinvestment Act (CRA) ensures the financial institution meets the credit needs of its entire assessment area(s) including low-moderate income neighborhoods consistent with safe and sound operations. BrightBridge Credit Union (formerly Merrimack Valley Credit Union) is a non-profit organization and focuses on being a leader of community development, economic growth, and stability.

While providing financial services and lending, it is our goal to support our communities with charitable donations, volunteer services to non-profit organizations, and provide a strong financial education program to our communities for a healthier financial future. Everything is done with one goal in mind: Elevate people.

Our most recent CRA performance evaluation by the Massachusetts Division of Banks covered the periods from June 1, 2021 to June 6, 2023. Merrimack Valley Credit Union received an overall “High Satisfactory” rating; for helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

COMMUNITY REINVESTMENT ACT DISCLOSURE STATEMENT

Updated April 1, 2026

Overview

Pursuant to the provisions of the Community Reinvestment Act (CRA), the management of the Credit Union adopts this statement to outline its commitment to meeting the credit needs of its members, including low- and moderate-income individuals, within its defined field of membership.

Field of Membership

Membership in the Credit Union is limited to individuals who reside, work, or attend school in the following counties:

Connecticut: Hartford County, Tolland County

Massachusetts: Barnstable County, Bristol County, Essex County, Franklin County, Hampden County, Hampshire County, Middlesex County, Norfolk County, Plymouth County, Suffolk County, Worcester County

New Hampshire: Hillsborough County, Rockingham County

Rhode Island: Kent County, Providence County

Membership eligibility also includes:

- Employees, families, and contract-member growers of Ocean Spray Cranberries, Inc.
- Employees and families associated with designated SEG limited-service locations
- Employees and families of designated corporate partner organizations
- Members and volunteers of religious, civic, or charitable organizations with their principal place of business within the municipalities listed above
- Spouses of deceased members who were within the field of membership
- Credit Union employees and their immediate family members

Definitions:

- **Immediate family member:** Person living in the same household, including spouses, children, siblings, parents, grandparents, grandchildren, in-laws, and domestic partners.
- **Religious, civic, or charitable organization:** Any corporation, trust, unincorporated association, or other organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

Persons who are not eligible for membership may have joint accounts with members of the credit union for the purpose of depositing and withdrawals only.

Lending Services

The Credit Union offers a wide range of financial products to meet the needs of its members.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **High Satisfactory**

An institution in this group has a highly satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities

The following points summarize the credit union's performance under Intermediate Small Institution Standards.

The Lending Test is rated High Satisfactory.

- The loan-to-share ratio (LTS) is reasonable given the institution's size, financial condition, and assessment area credit needs.
- The credit union made a substantial majority of its home mortgage loans in the assessment area.
- The geographic distribution of loans reflects good dispersion throughout the assessment area.
- The distribution of borrowers reflects good penetration of loans among individuals of different income levels.
- The credit union did not receive any CRA-related complaints since the previous evaluation; the credit union has a reasonable record relative to its fair lending policies and procedures.

The Community Development Test is rated High Satisfactory.

- Merrimack Valley Credit Union demonstrated good responsiveness to the assessment area's community development needs through qualified investments and community development services. Examiners considered the institution's capacity and the need and availability of such opportunities for community development in the assessment area.

SCOPE OF EVALUATION

General Information

The Community Reinvestment Act (CRA) requires the Massachusetts Division of Banks (“Division”) to use their authority when examining financial institutions subject to their supervision, to assess the institution's record of meeting the needs of its entire assessment area, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. Upon conclusion of such examination, the Division must prepare a written evaluation of the institution's record of meeting the credit needs of its membership.

This evaluation covers the period from the prior evaluation dated June 14, 2021, to the current evaluation dated June 6, 2023. Examiners used Intermediate Small Examination Procedures to evaluate the credit union’s CRA performance. These procedures include the Lending Test, and the Community Development Test.

Examiners used the 2015 and 2020 ACS updated data for metropolitan area boundaries, census tracts and their income levels, and demographic information.

The Lending Test considered the credit union’s performance according to the following criteria:

- LTS ratio
- Assessment area concentration
- Geographic distribution
- Borrower profile
- Response to CRA-related complaints and Fair Lending Program

The Community Development Test considered the following factors:

- Number and dollar amount of community development activity, including qualified services, qualified investments, and community development loans.
- The responsiveness of such activities to the community development needs of the area.

Loan Products Reviewed

Merrimack Valley Credit Union’s major product lines are home mortgage loans and consumer loans, considering the credit union’s business strategy and the number and dollar volume of loans originated during the evaluation period. The home mortgage lending universe was readily available of these two lending products.

Examiners reviewed home mortgage loans reported on the credit union’s 2021 and 2022 Home Mortgage Disclosure Act (HMDA) Loan Application Registers (LARs). The credit union originated 788 HMDA-reportable loans totaling \$205.7 million in 2021 and 782 HMDA-reportable loans totaling \$155.1 million in 2022. Examiners compared credit union lending in 2020 and 2021 to aggregate HMDA data for the relevant year. Examiners also compared credit union lending to applicable demographic data.

For the Lending Test, examiners reviewed the number and dollar volume of home mortgage loans. While the tables throughout this evaluation include both the number and dollar volume of loans, examiners emphasized credit union performance by number of loans, as the number of loans better indicates the number of individuals served.

For the Community Development Test, examiners drew conclusions based on data provided by credit union management on community development loans, qualified investments, and retail and community development services since the prior CRA evaluation dated June 14, 2021.

DESCRIPTION OF INSTITUTION

Background

Merrimack Valley Credit Union is a member-owned, not-for-profit cooperative institution originally chartered by the Commonwealth of Massachusetts in 1955. Membership is limited to those persons living, working, or having business within Bristol, Essex, Middlesex, Franklin, Hampden, Hampshire, and Norfolk Counties. The credit union has 76,529 members as of March 31, 2023. The credit union merged with RTN Credit Union on June 1, 2023, expanding its membership base significantly.

Merrimack Valley Credit Union received a “Satisfactory” rating from the Massachusetts Division of Banks during its prior evaluation using the Intermediate Small Institution Examination Procedures, published June 14, 2021. The Lending Test was assigned a “Satisfactory” and the Community Development Test was assigned a “Satisfactory”.

Operations

As of the date of the evaluation, the credit union offers products and services through 18 full-service branches, including its main office at 500 Merrimack St, Lawrence, MA located in a low-income census tract. The full-service branches are listed below.

Branch Locations			
Massachusetts			
Amesbury*	Bridgewater	Brookline*	Boston*
Danvers*	Fairhaven	Haverhill	Lawrence
Marlborough*	Methuen	North Andover	Plymouth
Quincy	Tewksbury*	Waltham*	Worcester*

*New Branches since the June 1 st Merger			

The credit union operates seven additional limited-service branches for employees of Raytheon and General Dynamics as a result of the RTN merger. Locations include Andover, Dedham, Lawrence, Marlborough, Taunton, Tewksbury, and Woburn.

All 18 full-services branches offer lobby services to members and generally operate between 8:30 a.m. to 5:00 p.m. most weekdays (with expanded hours on Thursdays and Fridays) and 8:30 a.m. to 1:00 p.m. on Saturdays. The Quincy MA and Seabrook NH locations are open from 10:00am to 5:00pm from Monday through Friday. As mentioned previously the credit union has added 8 full-service and seven limited-service branches since the previous evaluation.

The credit union offers both personal, student, and business accounts to members. Members can open checking accounts, savings accounts, certificates of deposits, individual retirement accounts, as well as business checking accounts. Services offered include online banking and mobile banking. In addition to deposit accounts, credit union members can apply for mortgage

loans, home equity loans and lines of credit, personal and student loans, new and used auto loans, and credit builder loans. Also, business lending offers commercial real estate loans and business lines of credit. The credit union also participates in shared branching, to allow member to access retail services across the United States.

Ability and Capacity

As of March 31, 2023, assets totaled approximately \$1.4 billion, and shares totaled \$1.2 billion. Total loans were \$927.6 million, representing approximately 67.6 percent of total assets. Since the previous CRA evaluation, assets increased by 7.7 percent and the lending portfolio increased by 27.6 percent.

The following table illustrates residential lending accounts for the largest concentration of loans at 61.8 percent of the lending portfolio. Used vehicle loans were the next largest concentration at 17.2 percent of the portfolio. This product mix remains similar in concentration to the last evaluation.

Examiners did not identify any financial, legal, or other impediments that affect the credit union's ability to meet assessment area credit needs.

DESCRIPTION OF ASSESSMENT AREA

The CRA requires each financial institution to define one or more assessment areas within which its CRA performance will be evaluated. Merrimack Valley Credit Union has designated a single assessment area in 2021 and 2022 encompassing 12 counties in Massachusetts, New Hampshire and Rhode Island. The following table is a list of counties the credit union has designated as its assessment area.

Assessment Area			
Massachusetts			
Barnstable	Bristol	Essex	Middlesex
Norfolk	Plymouth	Suffolk	
New Hampshire			
Hillsborough	Rockingham		
Rhode Island			
Bristol	Kent	Providence	

Economic and Demographic Data

The assessment area includes 1590 census tracts. These tracts reflect the following income designations according to the 2020 ACS U.S. Census:

- 165 low-income tracts,
- 298 moderate-income tracts,
- 607 middle-income tracts,
- 468 upper income tracts, and
- 52 tracts with no income designation.

This represents a change from the 2015 ACS Census data (used in concert with 2021 lending information), where 1442 census tracts comprised the assessment area.

The following table illustrates select demographic characteristics of the assessment area.

<i>(*) The NA category consists of geographies that have not been assigned an income classification.</i>						

There are 2,852,505 housing units in the area. Of these units, 57.1 percent are owner occupied, 34.1 percent are occupied rental units, and 8.4 percent are vacant. The median housing value of \$450,654 based on ACS Data reflects an expensive area. Examiners also reviewed public HMDA data and noted that the average loan originated for 1-4 family purchase loans was \$483,584 in 2021 and increased to \$520,128 in 2022. This reflects an increase in home prices in even the last year.

The following table reflects the low-, moderate-, middle-, and upper-income categories for the assessment area.

Competition

Merrimack Valley Credit Union operates in a highly competitive market for retail services. According to 2022 Deposit Market Share data, there were 274 financial institutions operating 2,341 branches in the assessment area. MVCU ranked 55th with a deposit market share of 0.2 percent. The institutions ahead of MVCU included the large state chartered and national retail institutions (State Street Bank and Trust, Bank of America NA, and Citizens Bank NA) with a combined deposit market share of 46.5 percent.

The credit union operates in a highly competitive area for mortgage loans. In 2022, 747 lenders reported 207,033 originated or purchased home mortgage loans MVCU ranked 65th with a 0.4 percent market share. The three most prominent lenders were large national banks and mortgage companies, accounting for 14.7 percent of the total market share.

Community Contacts

As part of the evaluation process, examiners contact organizations active in the assessment area to assist in identifying the credit and community development needs. This information helps determine whether local financial institutions are responsive to these needs.

Examiners contacted a representative from a non-profit organization serving Southeastern Massachusetts. The organization is a housing counseling agency providing education and technical assistance for low- and moderate-income residents. The contact noted an affordability gap as rising prices exceed even First Time Homebuyer (FTHB) grant and financial assistance opportunities. Housed individuals face homelessness risks including foreclosures, increasing rent prices, and utility bill increases. The contact mentioned that more support for shelters will be helpful in the current economy. There is a limit on financial institutions ability to close this affordability gap, and it is expanding to include middle-income families (that do not usually qualify for foreclosure or FTHB assistance). The contact relies heavily on financial institution donations and financial institutions work with counseling agencies to prepare buyers and ensure they have requisite financial literacy.

Examiners also contacted a community development organization focused on the Merrimack Valley region. The organization mentioned that the preservation of affordable housing and additional microlending for very small businesses were needs in the area, as well as general financial literacy. Housing prices have grown by almost 70 percent in Lowell, outpacing area wages. This has an even greater impact in low- and moderate-income areas, with populations that earn smaller wages. Financial literacy is important, but the contact noted that next steps beyond basic budgeting will help clients and residents build wealth.

Credit and Community Development Needs and Opportunities

Examiners considered information gathered from the community contact, The credit union, and available economic data to determine the primary credit needs of the assessment area. Based on this information, examiners determined that the community's primary credit need is affordable housing and financial literacy for low- and moderate-income individuals.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

Merrimack Valley Credit Union demonstrated High Satisfactory performance under the Lending Test. The following sections summarize the credit union's overall performance under each criterion.

Loan-to-Share Ratio

The average net loan-to-share ratio for the last eight quarters is reasonable given the institution's size, financial condition, and assessment area credit needs. The credit union's net LTS ratio, as calculated from the NCUA 5300 Quarterly Call Report data, averaged 72.5 percent over the past nine calendar quarters from June 30, 2021, through March 31, 2023.

The LTS ratio rose from 67.3 percent, as of June 30, 2021, to a high of 77.3 percent as of December 31, 2022. Loan growth contributed to these percentages as a combination of credit union efforts and increasing home and used auto prices. Loans grew approximately 21.1 percent over the evaluation period, while shares grew approximately 7.1 percent

The credit union's average net LTS ratio over the previous nine quarters was compared to that of two similarly situated institutions. The institution selection is based on geographic location, lending focus and branching structure. MVCU's average net LTS ratio is below one of the institutions and comparable to the other institution used in this comparison.

Geographic Distribution

The geographic distribution of loans reflects good dispersion throughout the assessment area, particularly to low-or moderate-income geographies in the assessment area. The credit union’s performance in home mortgage lending supports this conclusion. Examiners focused on the number and percentage of loans in low- and moderate-income census tracts.

In 2021, lending in low-income census tracts was above the percentage of owner-occupied units in the area and aggregate performance. The credit union’s 2022 performance fell by number and percentage but remained above the demographic and aggregate comparators.

The credit union’s performance in moderate-income census tracts was above aggregate performance in 2021 and the demographic of owner-occupied housing. The credit union’s 2022 performance in moderate-income census tracts was comparable by number and percentage. Performance remained above the aggregate lending in 2022 and the demographic of owner-occupied housing in moderate-income census tracts.

Borrower Profile

The distribution of borrowers reflects, given the product lines offered by the institution, good penetration among members of different income levels. This is supported by the credit union’s good performance of lending to low- and moderate-income borrowers.

Home Mortgage

The credit union’s 2021 lending to low-income borrowers was double aggregate performance. In 2022, The credit union’s lending to low-income borrowers fell by number and fell slightly by percentage but remained above the aggregate lending percentage. Similarly, the credit union’s lending to moderate-income borrowers in 2021 exceeded the aggregate lending level. Performance in 2022 fell by both number and percentage among moderate-income borrowers but remained above the aggregate lending levels.

In 2021, the aggregate performance of all lenders, including Merrimack Valley Credit Union, was significantly below the percentage of families categorized as low-income, the majority of which have an annual income of less than \$69,350. Whereas the average loan amount originated for a single-family residential purchase in 2022 was \$520,128. This data, coupled with around

6.3 percent of families in the assessment area falling below the poverty line, suggests a large percentage of low-income families would not meet the underwriting standards to repay the average loan amount. Moderate-income families earning over \$110,960 may be able to afford a home in the area, which may explain why the institution consistently exceeds the demographic of moderate-income families.

Discriminatory or Other Illegal Credit Practices Review

Examiners did not identify any evidence of discriminatory or other illegal credit practices; therefore, this consideration did not affect the credit union’s overall CRA rating.

Response to Complaints

The Division of Banks provides comments regarding the institution’s fair lending policies and procedures pursuant to Regulatory Bulletin 1.3-106. A review of the credit union’s public comment file indicated the credit union received no complaints pertaining to the institution’s CRA performance since the previous examination.

Fair Lending Policies and Procedures

The fair lending review was conducted in accordance with the Federal Financial Institutions Examination Council (FFIEC) Interagency Fair Lending Examination Procedures. Based on these procedures, the credit union maintains a reasonable record relative to fair lending policies and practices.

Minority Application Flow

The credit union's HMDA LARs for 2021 and 2022 were reviewed to determine if the application flow from the different racial groups within the credit union's assessment area was reflective of the assessment area's demographics.

According to the 2020 ACS Census Data, the credit union's assessment area contained a total population of 6,923,773 individuals of which 31.7 percent are minorities. The minority population represented is 6.7 percent Black/African American, 7.1 percent Asian, 0.1 percent Pacific Islander, 0.4 percent American Indian/Alaskan Native, and 7.1 percent other. Approximately 12.2 percent of the population is Hispanic or Latino.

The credit union's level of lending in 2021 was compared with that of the 2021 aggregate lending performance. The credit union's activity in 2022 was also evaluated compared to aggregate performance of the same year. The comparison of this data assists in deriving reasonable expectations for the rate of applications the credit union received from minority home mortgage loan applicants. Refer to the table below for information on the credit union's minority application flow as well as the aggregate lenders in the credit union's assessment area.

In 2021, The credit union received 857 HMDA reportable loan applications within its assessment area. Of these applications, 3.5 percent were received from racial minority applicants. This was below aggregate performance of 12.5 percent of its applications from racial minority individuals. The credit union's racial minority application flow was comparable in 2022 at 4.2 percent, a slight growth in number and percentage. This performance was below the aggregate racial minority application flow.

In 2021, The credit union's percent of all applications from ethnic groups of Hispanic origin within its assessment area almost doubled the aggregate minority application flow. The credit union's strong performance continued into 2022 and remained above the aggregate ethnic minority application flow.

The credit union's minority application flow in 2021 and 2022 reflect a racial minority application flow below the aggregate. One factor contributing to the difference is the institution's absence in Suffolk and Middlesex Counties during 2022. The municipalities in these two counties account for half of the minority population and about 42.7 percent of the racial minority application flow received from aggregate lenders in the assessment area. The aggregate markets larger proportion of lending activity correlates to a difference in minority application flow. Conversely, the credit union's ethnic minority application flow exceeds the aggregate measures, which corresponds to a strong presence in Lawrence and municipalities in the Providence MSA.

However, the credit union's marketing and 2023 branching strategy reflect efforts to make credit accessible to areas with larger minority populations (i.e. Boston, Worcester, and Middlesex municipalities). The recent merger has expanded branch presence in Suffolk, Worcester and Middlesex Counties. The credit union employs individuals able to provide translation assistance in several languages. Additionally, the credit union conducts periodic monitoring of its lending practices to control fair lending risk.

Considering the demographic composition of the assessment area, comparisons to aggregate data, and the credit union's fair lending controls, The credit union's minority application flow reflects adequate performance.

COMMUNITY DEVELOPMENT TEST

Merrimack Valley Credit Union demonstrated good responsiveness to the assessment area's community development needs through community development services, qualified investments, and community development loans. The credit union opted to provide its record of community development loans and investments for CRA consideration, which both grew substantially from the prior evaluation. Examiners also considered the institution's capacity and the need and availability of such opportunities.

Community Development Services

During the evaluation period, credit union employees provided 68 instances of financial expertise or technical assistance to community development organizations within its assessment area. The community development services represent a combination of board involvement, financial education, and community outreach. The chart below illustrates the majority of activities support community services to low and moderate-income individuals and economic development throughout the review period.

The following are examples of community development services provided by the credit union and its staff.

- ***Entrepreneurship for All (EforAll)***—A nonprofit organization that partners with communities nationwide to help under-represented individuals successfully start and grow a business through training, mentorship, and networking. Massachusetts programs are delivered in the communities of the Merrimack Valley to the south coast of Cape Cod, New Bedford and Fall River. Services are available in both English and Spanish. The Credit Union’s Senior Accountant serves as a Mentor for EForAll. In addition, the credit union is further responsive with financial contributions benefitting multiple portions of the assessment area.
- ***Emmaus***—The organization serves those in need with housing and support services for adults and families in the Merrimack Valley, North Shore communities of Massachusetts and in Southern New Hampshire. The organization also offers homelessness prevention, rehousing and stabilization, and career services. The Sr. Vice President of Marketing serves on the Board of Emmaus. The Credit Union is further responsive with an annual contribution to support Emmaus’ mission.
- ***South Eastern Economic Development Corporation (SEED)*** - SEED is a regional nonprofit economic development corporation with the mission of empowering entrepreneurs, strengthening local economies, and creating jobs by financing all types of small businesses in Massachusetts and Rhode Island. Executive Vice President and Chief Lending Officer continues a commitment on the Board of Directors for SEED.

Other Services

- **Banzai Financial Literacy** – MVCU sponsored 4 schools through the Banzai Educational program. This program provides teachers and students financial literacy programs at no cost. Of the 4 schools, 3 are in moderate-income census tracts in the towns of Methuen and Haverhill. Financial literacy topics include saving money, interest rate of return, and savings for a future goal. Courses are available to students in both English and Spanish.
- **Branches-** The branch distribution supports accessibility to areas of economic need and low and moderate-income geographies.

There are several opportunity zones within the credit union’s assessment area. Opportunity zones are federal, and state designated areas identified as areas of economic need, with many opportunity zones having the lowest median family income within MA. The credit union operates three branches in Lawrence, Haverhill and Fairhaven in opportunity zones.

The credit union’s branches are also distributed throughout out low and moderate-income census tracts. Lawrence, Haverhill, Methuen and Seabrook, NH branches are in low-income tracts. The Quincy branch is situated in a moderate-income census tract.

Lastly, the credit union is a member of a Shared Branch Network. It is a shared financial delivery channel created by credit unions to provide members with convenient hours and locations. Shared Branching allows members within its network to access and do limited transactions through a network of participating credit unions worldwide. Examples of such transactions include, but are not limited to, balance inquiries, share to share transfers, deposits, withdrawals, check cashing, statement printouts, and purchasing of monetary instruments such as bank checks, money orders, and traveler checks.

Community Development Loans

During the evaluation period, Merrimack Valley Credit Union originated 32 community development loans for approximately \$18.6 million. The activity represents an increase since the previous evaluation when no community development loans were noted. The credit union’s financial contributions primarily support economic development by financing small businesses.

The following are notable examples of community development loans:

- The credit union originated one loan with a revitalization loan fund in 2021 in Lawrence MA. The purpose of the Loan fund is to support small businesses with additional avenues of credit access. The fund also revitalizes a predominantly low- and moderate-income area. The loan amount totaled \$100,000.
- The credit union originated a loan to a small business located in Barnstable County totaling \$7 million. The purpose of the loan was to finance two fast food restaurants within the assessment area. The financing will create jobs and likely benefit low- and moderate-income individuals in the work force. The loan was originated in 2022
- The credit union financed the purchase of an eight-unit residential property in Lawrence MA. The eight units maintain rents likely to be occupied by low- or moderate-income individuals in the area based on HUD Fair Market rent levels. The loan was originated in 2022 and totals \$907,500. This loan supports affordable housing for low- and moderate-income individuals.
- The credit union originated a loan in 2022 totaling \$72,500. The purpose of the loan was to purchase a vehicle for a small business located in a moderate-income census tract in Lawrence MA. This loan improves employment for individuals located in a moderate-income census tract, thereby supporting economic development in the area.

Community Development Investments

During the evaluation period, Merrimack Valley Credit Union donated \$273,795 in charitable contributions. Of this amount, 33 donations totaling \$204,085 were considered qualified for CRA. The dollar amount of donation activity represents an increase in qualified activities since the previous evaluation totaling \$186,707. The credit union’s financial contributions support community development services to low and moderate – income individuals. Additionally, financial contributions are aligned with the credit union’s CRA strategic goals of supporting literacy events and workshops to members, to low and moderate-income areas, and within school systems.

The following are notable examples of qualified donations:

- ***Lawrence Partnership***-The Partnership is a collaboration of business and civic leaders committed to building a local economy that benefits all people in Lawrence by helping to grow businesses. During the examination period, the credit union's financial contributions supported the mission of the Lawrence Partnership. Additionally, the credit union President and CEO serves on the Board of the Lawrence Partnership.
- ***Family Services of Merrimack Valley***- Family Services empowers, nurtures and supports children and families through life's challenges to help them reach their full potential. The credit union's contribution supports programs to low and moderate-income families in the entire Merrimack Valley region of Massachusetts.
- ***Greater Lawrence Family Health Center***- During the exam period, the credit union supported programs and services at Greater Lawrence Family Health Center. The financial contributions qualify for CRA credit as Greater Lawrence Family Health Center is a Federally Qualified Health Center (FQHC) dedicated to providing preventive, primary and non-emergent urgent care to all, regardless of financial circumstance or health insurance coverage status.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five-year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose bank:
 - (i) Has not been reported or collected by the bank or an affiliate for consideration in The credit union's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits The credit union's assessment area(s) or a broader statewide or regional area including The credit union's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of The credit union's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (for example, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (for example, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (for example, geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Micropolitan Statistical Area: CBSA associated with at least one urbanized area having a population of at least 10,000, but less than 50,000.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as non-MSA): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA aids SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in “loans to small farms” as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area’s population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, “urban” consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

“Urban” excludes the rural portions of “extended cities”; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

PERFORMANCE EVALUATION DISCLOSURE GUIDE

Massachusetts General Laws Chapter 167, Section 14, as amended, and the Uniform Interagency Community Reinvestment Act (CRA) Guidelines for Disclosure of Written Evaluations require all financial institutions to take the following actions within 30 business days of receipt of the CRA evaluation of their institution:

- 1) Make its most current CRA performance evaluation available to the public;
- 2) At a minimum, place the evaluation in the institution's CRA public file located at the head office and at a designated office in each assessment area;
- 3) Add the following language to the institution's required CRA public notice that is posted in each depository facility:

"You may obtain the public section of our most recent CRA Performance Evaluation, which was prepared by the Massachusetts Division of Banks, at 500 Merrimack St, Lawrence, Massachusetts 01843."

[Please Note: If the institution has more than one assessment area, each office (other than off-premises electronic deposit facilities) in that community shall also include the address of the designated office for that assessment area.]

- 4) Provide a copy of its current evaluation to the public, upon request. In connection with this, the institution is authorized to charge a fee which does not exceed the cost of reproduction and mailing (if applicable).

The format and content of the institution's evaluation, as prepared by its supervisory agencies, may not be altered or abridged in any manner. The institution is encouraged to include its response to the evaluation in its CRA public file.

October 2025

Dear Sarita,

As we mark our 40th anniversary, we extend our deepest gratitude to you for your exceptionally generous support, your confidence in us, and the profound impact you have had on our program and patients. Thanks to your generosity, BHCHP has become a national model of innovative, high quality, and most importantly dignified health care for homeless individuals and families. Each day, you are helping to change lives for the better. We could not do this work without you!

We are pleased to share the enclosed report, which brings to life the lifesaving work you are making possible and the difference you are making— at a time when we need it most. This has been one of the most challenging years in our four-decade history. We have faced rising costs, declining reimbursements, and looming Medicaid cuts and policy changes that will affect our program and patients for years to come.

It is during times like this that our mission becomes so much more than the words on a website or a plaque on a conference room wall. Ours, to provide or assure access to the highest quality health care for all individuals and families experiencing homelessness in our community, has been — and will continue to be—our north star, guiding our decisions and reminding us of why this work matters.

Thank you for standing with us. Your partnership affirms a powerful truth: that health care is not a privilege, but a right—no matter where someone sleeps at night. With your continued support, we can keep building a world where everyone, regardless of their housing status, has access to compassionate, dignified, and life-saving care.

You have helped us build this legacy of dignity and excellence in health care for our most vulnerable neighbors.

With deepest gratitude,

Stan McLaren

North Andover, MA 01845

Dear Glenn,

We are still amazed at how magical our 2025 "A Night to Open Doors" Gala was. What an incredible way to celebrate our 15th year!

Your sponsorship played an integral part in the evening's success, helping us raise \$435,000 and paving the way to serve 115,000 children in our community. This impactful support gives every child who turns to us for help the opportunity to show up and shine in school and in life.

Your partnership as a SOS Urgent Response Sponsor gives children enduring the trauma of transitioning between stable living conditions customized packages filled with essentials that meet their individual and immediate needs.

We believe that regardless of children's circumstances and the irreversible imprints their experiences leave on their young lives, every child deserves to feel like they matter, they belong, and that they have the power to make the world a brighter place.

Every child deserves to feel like a star.

From the bottom of my heart, thank you for believing in our mission and choosing Catie's Closet.

Sincerely,

Mickey Cockrell

500 Merrimack St.
Lawrence, MA 01843-1981

John - you are an angel! together we will find solutions for those in such need! Many blessings in 2026!

Dear John,

Thank you so much for BrightBridge Credit Union's incredibly generous donation of \$30,000.00 to Emmaus. This donation is in support of our 2026 Sip, Sample and Support Gala and our 2025 Cycle for Shelter event. Both of these events are major fundraisers for Emmaus and are critical as we continue to care for the region's most-vulnerable.

Since 1985, we are proud to have assisted over 42,000 women, men, and children move from homelessness toward permanent housing, jobs, and self-sufficiency. On any given night, over 300 adults and children call Emmaus "home." Over the past year, with support from people like you, Emmaus successfully placed 56 families from the Emmaus House shelter into permanent housing. Additionally, 78 families were averted from entering shelters by being placed directly into housing through our Diversion Program.

Our Street Outreach program, placed 38 unsheltered individuals (those living in their cars or on the streets) into permanent housing. Sixty-five individuals were successfully placed from Mitch's Place individual shelter into their own apartments.

As housing costs continue to rise, we anticipate that more people will need our services. We will be ready to meet this challenge thanks to the incredible support of our community.

While times remain tough for so many, your compassion makes life a little easier for those struggling with housing insecurity. With the persistent lack of affordable housing in our area, your contribution allows Emmaus to provide hope for those who are facing homelessness. We will be able to assist the individuals and families, thanks to people like you.

We are both so appreciative of your generosity, as you join us in our goal of helping people reach their fullest potential. This assistance is crucial to our mission. Your on-going philanthropy truly makes a world of difference.

Thank you for your support. Your contribution is greatly appreciated.

Sincerely,

Al Hanscom
Chief Executive Officer

You are the example of a private/public partnership that truly makes the community better!
